Similar to the [Profit and Loss Statement](#), the Spending by Category report will categorize and total your expense transactions. You can find this report under the [Accounting & Financials](#) section of the [Reports](#) tab.

The screenshot shows the Farmbrite interface. On the left is a sidebar with navigation icons for Schedule, Tasks, Livestock, Plantings, Resources, Accounting, Market, Contacts, Farm Map, Climate, and Reports. The Reports section is expanded to show 'Standard Reports' and 'Custom Reports'. The main content area is titled 'Standard Reports' and contains several report categories:

- Accounting & Financials** (highlighted): Accounts Receivable Aging, Cash Flow Statement, Profit & Loss, Profit & Loss By Month, Spending by Category, Tax Summary.

At the bottom of the main content area, there is a link: "Want to do more with reporting? Build a custom report".

The report shows a header and total for each category, highlighted in the image above for our Car and Truck Expenses. It provides more detail beyond just the category though; you'll see the individual transactions in each category with their details like dates, amounts, and who you paid. This helps you see where exactly where your biggest expenses are, and who they are paid to, within each category.
